

BC-10

PRODUCT SPECS:

What are the specs for the product?

Model	BC-10
Measurement Format	0.01-5.25 BCU
Measurement Area	8mm round
Measurement Time	0.7 seconds initial, 0.4 seconds continuous
Geometry	8° illumination Diffuse viewing
Size	2-1/4" x 3-1/4" x 6-1/4" 0.8 lbs. plus batteries
Power Requirements	4 AA batteries AC/DC Power Supply
Repeatability	Standard deviation within ΔE^*_{ab} 0.1 (Measurement conditions: average of measurements of standard white plate)
Statistical Capability	Minimum, Maximum, and Mean Computation on last 16 measurements
Output	RS-232C ASCII data output stream

Specifications subject to change without notice.
